- **O2.** Certified Nurse Practitioners Licensed Prior to July 1, 1998. A certified nurse practitioner authorized to practice prior to July 1, 1998 may satisfy the requirement of Section 280.07 of these rules by documenting competency within their specialty area of practice based upon education, experience and national certification in that specialty or education, experience and approval by the Board.
 - 03. Advanced Practice Registered Nurses Educated Prior to January 1, 2016.
- a. An applicant for APRN licensure who completed a nationally accredited undergraduate or certificate APRN program prior to January 1, 2016, does not need to meet the APRN graduate or post-graduate educational requirements for initial licensure contained within Section 285 of these rules.
- **b.** A person applying for APRN licensure in Idaho who: holds an existing APRN license issued by any nursing jurisdiction, completed their formal APRN education prior to January 1, 2016, and who meets all of the requirements for initial licensure contained within Sections 285 and 286 of these rules except for the APRN graduate or post-graduate educational requirement, may be issued an APRN license by endorsement if at the time the person received their APRN license in the other jurisdiction they would have been eligible for licensure as an APRN in Idaho.

306. DISCIPLINARY ENFORCEMENT.

The Board may revoke, suspend or otherwise discipline the advanced practice registered nurse license of a licensee who fails to comply with current recognized scope and standards of practice, who fails to maintain national certification or competency requirements, or who violates the provisions of the Nursing Practice Act or rules of the Board.

315. PRESCRIPTIVE AND DISPENSING AUTHORIZATION FOR ADVANCED PRACTICE REGISTERED NURSES.

01. Initial Authorization. An application for the authority to prescribe and dispense pharmacologic and non-pharmacologic agents may be made as part of initial licensure application or by separate application at a later date. Advanced practice registered nurses who complete their APRN graduate or post-graduate educational program after December 31, 2015, will automatically be granted prescriptive and dispensing authority with the issuance of their Idaho license.

a. An advanced practice registered nurse who applies for authorization to prescribe pharmacologic and non-pharmacologic agents within the scope of practice for the advanced practice role, shall:

i. Provide evidence of completion of thirty (30) contact hours of post basic education in pharmacotherapeutics obtained as part of study within a formal educational program or continuing education program, related to advanced nursing practice; and

ii. Submit a completed, notarized application form provided by the Board. (

b. Exceptions to the pharmacotherapeutic education may be approved by the Board. (

A nursing education program with limited-time approval must have each student prior to enrollment execute a disclosure which, at a minimum, states the following: "The nursing education program in which you are enrolling has not yet been accredited. The program is being reviewed by the [insert name of accrediting body]. This program is allowed to enroll new students because it meets the requirements of IDAPA 24.34.01.602.02.a. Any education you complete before a final determination by the [insert name of accrediting body] will satisfy associated state requirements for licensure. If the [insert name of accrediting body] ultimately determines that the program does not qualify for accreditation, you will not be made eligible for the NCLEX by the State of Idaho." A nursing education program with limited-time approval under Subsection .02.a. may not enroll any new students into the program beyond five years from the date of the initial application for accreditation unless the program has a final site visit scheduled with a nursing program accreditor. **Board Notification** 03. If an accredited program or limited-time program seeking accreditation receives notice or determines that its accreditation status is in jeopardy, the institution offering the program must immediately notify the Board of its accreditation status; immediately and verifiably notify each enrolled student in writing of the program's accreditation status, including: the estimated date when the accrediting body will make its final determination as to the program's accreditation; the potential impact of a program's accreditation status on the graduate's ability to secure licensure and employment or transfer academic credits to another institution in the future; and attempt negotiations with other academic institutions to establish a transfer articulation agreement. If a program with limited-time approval fails to achieve accreditation within the timeframe specified in Rule 602.02, or if a program loses its accreditation, the institution offering the program shall: submit a written report of official notice of losing accreditation or failing to achieve accreditation to the Board within ten days of receiving formal notification from the accrediting body; notify each matriculated and pre-enrollment nursing student about the program's accreditation status; inform each nursing student who will graduate from a non-accredited program that they will not be eligible for initial licensure through the state; and provide the Board with a written plan to close the program and cease operations to the Board within ten days of receiving formal notice of losing accreditation from the program's accrediting body. 602.
